TO WHOM IT MAY CONCERN

This is to certify that the Fire Safety Certificate of the school is under process. However, all the four floors of the school have been provided with a sufficient number of fire extinguishers. The maintenance and servicing of the fire extinguishers are carried out every year, and the relevant maintenance certificates are available.

Further, the fire fighting system has also been installed in the school premises. Only a small portion of the installation work remains to be completed. The Fire Safety Department team has already inspected the school and informed that the Fire Safety Certificate will be issued immediately after the remaining installation work of the fire fighting system is completed.

The acknowledgement fee slip for the issuance of the Fire Safety Certificate is attached herewith for reference.
